

**PLINIUS**  
THE HEART OF MUSIC

Through the vital midrange, the **SA-Ref** was unfailingly evenhanded and sweet-tempered. Throughout my extensive listening notes, one phrase appears again and again: *natural warmth*. Not all that long ago, it would have been nearly unthinkable to describe a solid-state amplifier, much less one of such prodigious power, with that phrase, which was the exclusive property of tube amplifiers - *Paul Bolin, May, 2006 Stereophile.com*

The Soundsmiths is proud to bring to you our latest alliance that continues our tradition to offer the best at all price points - **PLINIUS**

For the full emotional impact of your favourite music you need audio components that not only retrieve the tonal, spatial and dynamic information from your CD's and LP's. You need to retrieve the heart and soul - the emotional power - of your music.

You need [Plinius](#).

Since 1980, Plinius Audio has produced state-of-the-heart audio components under the design direction of Peter Thomson and Gary Morrison.

With an incredible lineup of power amplifiers, integrated amplifiers and CD player, Plinius meets [all audiophile needs](#) from stereo to home theater.

The current heavyweight from Plinius shaking audiophile foundations around the world is the [SA Reference Power amp](#). But don't just take our word for it...try the online [Stereophile](#) review.

Plinius products will be on demo in Mumbai by the end of July. Please stay in touch with your local dealer for the Plinius tour to reach your city.
