

CD31 & I30

Primare – CD31 CD player

CD31 exemplifies in every way Primare's approach to sound engineering.

The CD31 is ideally suited for use with the Primare I30 Integrated Amplifier. This Compact Disc Player is built to extract the last elusive nuance from any CD.

A no compromise design has been applied throughout the player, right down to the gold-plated outputs, and

MRP Rs. 2,67,000/- its sleek, elegant heavy-steel exterior, which matches the other 30 series designs. The result is pure music, almost unaffected by the usual limitations of the CD format. The sound is very precise and has a good sense of both space and air.

CD31 has already placed itself in the elite class of Compact Disc Players. As one journalist puts it, ... “a subtle and insightful device that founds a big, well defined soundstage and unearths fine levels of detail.”

CD31 BEST CD PLAYER

'Primare's CD31 is a barn-stormer. It sounds as good as it looks...Style and substance make the CD31 a worthy Award winner.'

What Hi Fi? Sound & Vision Awards 2006

Primare - I30 Integrated Amplifier

Purity in signal transfer and clean distortion-free amplification.

The I30 is a finely judged balance of high performance and facility, delivering exceptional sound quality, beautiful aesthetics and ease of use over many years.

The no-compromise engineering approach to this fully balanced component becomes obvious to any music lover once the I30 is allowed to take control of the loudspeakers and demonstrate complete liberation of music's dynamic fidelity. Stereo imaging is large in scale and there is a great sense of air and space to be found. It's hard not to be impressed by the performance of this high-end integrated amplifier.

I30 BEST STEREO AMPLIFIER £1500-£2000

'The crystal-clear, transparent sound is allied to enviable build and looks, making for a hugely desirable amp.'
